#### **The situation**

A construction firm was routinely introduced to Nimbla at the outset of the COVID pandemic.

#### **The problem**

During 2020, the construction sector was increasingly affected by the pandemic, slowing growth.

#### **The solution**

Their Relationship Manager had already explained how Nimbla can help, so they insured.

#### **The result**

Having insured with Nimbla, they could safely take on business with a new customer, and grow.

#### **Conclusion**

Despite the disruption in the sector, the construction firm was able to keep cash flowing, building supply chain resilience.
