## Large property owners struggling with premium and service – £17k saving! An 89-unit block of modular flats paying through the roof in central London.

Due to the modular design of the flats, the tenants were having to fork out a lot of money for insurance.

Visit Ascend Broking to find out more.

### The solution:

Ascend completed a full fact-find 6 months out from renewal and carried out a market exercise establishing the most appropriate markets already being utilised. Ascend then took an honest approach to costings and charged a set fee to cover costs should a claim arise.

*“We are very grateful to Ascend for helping us understand the market and providing us with a premium saving.”*
