Start-up of the Year

Celebrating excellence in commercial insurance

Team Ascend at the Broker Innovation awards 2019

Winner Ascend Broking

The judges said: The judges were impressed with the customer first culture, the use of technology and strong customer testimonials.

The winning entry: The Broker Innovation Awards celebrate those who have fully embraced technology in order to meet the needs of the client. The awards pay close attention to brokers who have taken an innovative approach to insurance protection. Judges will be looking at how brokers have successfully implemented InsureTech as well as adapted to new challenges such as autonomous vehicles through inventive solutions. Finalists will be invited to attend the glittering awards ceremony which will be held on 4 September 2019 at Leonardo Royal Hotel, Tower Bridge in London.

This award recognises the commitment and dedication required to launch a new insurance broking business. Open to brokers and intermediaries that have been authorised within four years of the closing date

Significant success, such as profitability, high revenue or market share, in short period of time. Judges are looking for unique selling points that promises future potential of business.
